Sheriff's Office Reports

Deputy Sheriff Gerard Freeman reported property damage and no personal injuries in two traffic accidents over the weekend.

A 1957 Oldsmobile operated by Janice C. Woodson of New Orleans, travelling west on U. S. Highway 90 at 5:10 p.m. Saturday, was struck by a 1961 International half-ton truck driven by Norwood H. Temple of Warren, Arkansas. The accident occurred at Nicholson Avenue and U. S. Highway 90.

Freeman estimated damages to the Oldsmobile at between \$300 and \$400 and minor damages to the truck.

Temple, he added, was booked with driving while under the influence of intoxicating beverages.

At 10 p.m. Sunday Charles Kalmbach, who was travelling south on Second Street in a 1961 Ford Fairlane, ran into a 1959 Anglia driven by Miss Mildred Arnold who was traveling west on U. S. Highway 90 service lane.

The collision occurred on the highway service lane and Second Street. Damages were estimated by Freeman as minor to the Kalmbach car and at approximately \$150 to the Arnold vehicle.

The drivers, Freeman said, face a hearing on reckless driving charge in Justice of the Peace Nelius Rhodes, court Saturday.

INVITATIONAL BOXING TOURNAMENT SLATED MARCH 28-29

An Invitational Boxing Tournament, sponsored by the St. Stanislaus Sidelines Club will be held on Thursday and Friday, March 28 and 29, at St. Stanislaus Gymnasium. Boxing will begin at 8:00 P. M. each night.

Teams entered are Biloxi, Pascagoula, McComb, Houma, New Iberia and Bay St. Louis.

The Biloxi and Pascagoula teams may be seen Saturday night, March 23, on WLOX-TV, Channel 13, beginning at 10 P. M.

The Bay St. Louis team will enter fifteen boys in the tournament in both the light and heavy divisions.

This will be a chance to see some real good boxing, so be sure to be on hand for the starting bell.

MICHAEL HAAS MADE LAW DAY USA CHAIRMAN

The appointment of Michael Haas, prominent Attorney of Bay St. Louis as Law Day USA chairman for Hancock County was announced today by C. Sidney Carlton, President of the Mississippi State Bar.

Law Day USA was established by Congress and proclamation of President Eisenhower as an annual May 1 observance. Law Day USA is intended as a day of solemn dedication to the principles of democracy guaranteed by the American system of law. Observed in churches, schools and court-houses throughout the nation, it has served as an effective contrast to Communist May Day propaganda provided by parades of military might and street riots.

Civic clubs, schools and veteran organizations desiring a Law Day USA program are invited to contact their County Chairman or any member of the local bar. State Chairman of the Law Day USA Hedgepeth of Jackson, Harris B. Henley of Hazlehurst is serving as Vice-Chairman.

GARDEN CLUB EXPRESSES THANKS

Bay-Waveland Garden Club wishes to thank Terry Scalfidi for his participation in the anti-litter program Saturday. Through his loud speaker he asked all residents to cooperate with local Boy and Girl Scouts who did an excellent job in distributing anti-litter bags to housewives.

Special thanks are also extended to the boy and girl Scouts who assisted.

The Garden Club is asking that the bags be used in cars for putting paper cups, napkins, cigarette boxes, gum wrappers, etc., instead of throwing such litter out of windows.

Scouts who gave their time were Boy Scout Troop 208, L. S. Fahlman, leader, Steve Davis, Terry Clingan, George Kearney, Charles Poolson, John Pahlman, Pat Murphy, Sidney Miller, David Kidd, John Benigno, Jim Morlan.

Hospital Administrator Given Vote Of Confidence After Stormy Meeting

MTO OFFICIAL GETS AWARD

William E. Winterstein, center, Mississippi Test Operations Administrative Officer, receives a Certificate of Achievement from Space Flight Center in Huntsville, Ala. Captain William C. Fortune, manager of MTO, looks on.

The certificate was awarded for Winterstein's "outstanding service in the construction of intercontinental ballistic missile bases" while he was working for the Ballistic Missile Construction Office for the Corps of Engineers. He has since transferred to NASA. (NASA-Marshall photo)

Hubert Thigpen, Hancock General Hospital Board member, and author of the proposed amendment to the by-laws which would name a committee, headed by Cornelius Ladner, to hire and fire hospital employees, was flooded with questions concerning his proposal at Tuesday night's special meeting.

The motion was made by Thigpen at last Tuesday's regular board meeting.

Mr. Thigpen, who readily responded to all questions directed his way, at the close of the meeting withdrew his original motion with the provision that Dr. W. L. McFarland would be appointed chairman of a grievance committee.

Approximately 55 citizens, staff board members attended the meeting and expressed their opinions pro or con for the Thigpen proposal.

Russell Elliott commended Hospital Administrator Tom Logue on the operation of the hospital under his direction and said he was in favor of Logue retaining his authority to hire and fire personnel and was not in favor of any proposed amendment to the by-laws which would strip him of this responsibility.

He asked that the Board table the proposed amendment to the by-laws, and form a grievance committee which would give employees and clients of the hospital an appeal committee.

Dr. McFarland, as chief of staff, presented the following letter to the board, pledging their help if such a grievance committee for employees were formed.

Bay St. Louis, Miss., March 19, 1963.

Mr. T. T. Reboul Jr., president, The Board of Trustees, Hancock General Hospital, Bay St. Louis, Miss.

Gentlemen:

I have been appointed by the staff of the Hancock General Hospital to send you this letter representing our entire group. Recently at a meeting of this group, it was unanimously agreed that the following points should be brought to your attention.

The fence would enclose the area which has been acquired by the Government in fee for the construction of test stands and supporting facilities for test firing the huge rocket stages and engines being developed for the Marshall Space Flight Center for use in space missions.

The fence will be approximately 16 miles long and will consist of five strands of barbed wire on galvanized steel posts. Ungated openings will be left at all roads and no fence will be built along the portion of the boundary which follows Mike's and East Pearl Rivers. Signs indicating Government ownership will be erected at 500 foot intervals along the fence and at 400 foot intervals on trees along the rivers.

Competitive bids for the construction will be opened on April 2 at the Corps of Engineers District Office in Mobile, Alabama. Bids will be accepted from small business concerns only in the interest of assuring such firms a fair share of Government contract work.

The new Mississippi Test Operations is under the direction of the Marshall Center. The Mobile District of the Corps of Engineers is serving as the Center's agent for real estate acquisition, design and construction.

On Sunday, March 24, the St. Stanislaus College Alumni Association will hold its annual banquet at Lenfant's Restaurant, New Orleans. Five members of the 1913 Class will be honored on the occasion of their Golden Jubilee. Members of this Class who are expected to attend are: Raymond S. T. Abadie of Houma, La.; Theo J. Duhan, Jr. of Baton Rouge, La.; Gaston H. Fayard of Atlanta, Ga.; G. Rivers Fortier, Jeanerette, La.; Leon R. Klempeter, Baton Rouge; Dr. Joseph E. LeBlanc, Paincourtville, La.; Roland F. Rexach, New Orleans. The Association is quite fortunate to have as guest speaker, Captain Bart J. Slattery.

Bart J. Slattery, Jr., is Director of Public Information for NASA's Marshall Space Flight Center at Huntsville, Alabama. A captain in the Navy, Slattery was assigned to the civilian space agency's facility by the Navy on August 1, 1960. He was Assistant Director of Plans and Evaluation at the Navy's office of information at the Pentagon before coming to MSCF. He also is a member of the X-15 research airplane information committee for NASA's Project Mercury.

PICAYUNE, SLIDELL WIN CAGE CROWN

Slidell, La., defeated Friendship House of Biloxi 91-85 for the men's crown and Picayune won over V&M Foods of Pass Christian 55-24 for the women's title in the third annual, independent basketball tournament of the St. Stanislaus Sidelines Club Saturday night.

Matt McHarvey of Slidell was

awarded the most valuable player award in the men's division.

Margaret Kirkland of Picayune was selected as the most valuable player in the women's bracket.

Red Davis, president of St. Stanislaus Sidelines Club, awarded trophies to winning and runnerup teams, to the most valuable players, and gave each member of the winning teams miniature basketball fobs at the conclusion of the tournament.

of C Discuss Membership

Warren Carver, Hancock County Chamber of Commerce president, discussed the membership drive which is now being launched Monday's meeting. Mr. Carver stated since a majority of the members of the Board of Directors were in favor of redistricting the county, he was of the opinion that a resolution stating the reasons why, should be drawn.

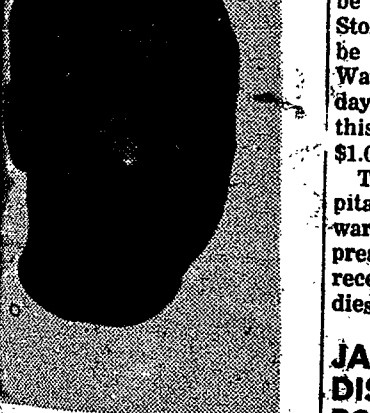

Dick Ashman was appointed to select a sign showing the community is identified with the Mississippi Test operations.

It was announced Highway Commissioner John Smith has placed signs on U. S. Highway 90 at the head of the highway.

The C of C has requested Commissioner Smith to put blinker lights at the head of the highway, Dunbar Avenue and Main streets, as a warning of approach.

Traffic lights, but they were not thought he would be justified in erecting them. A committee will be appointed to look further into the situation and will that a representative of the County Department meet with the safety committee to further discuss the matter of blinkers.

AY RESIDENT ELECTED AS NOMINEE

Colonel J. Lafontaine Jr., a nurse assistant, outstanding aide of year at Gulfport-Veterans Administration Hospital, has been elected as the hospital's nominee for nationwide psychiatric aide program sponsored by the National Association for Mental Health, New York City, E. A. L. Center director, announced.

The selection was made from a list of nominees forwarded by the hospital and patients from 21 nursing assistants who are city of the hospital.

A hospital committee composed of professional and administrative staff with Dr. W. B. Hawkins, chief of staff, as chairman, made review of the nominations. Lafontaine, a U. S. Navy veteran, was appointed as a nursing assistant at the Gulfport hospital in 1958. After completing basic training and two advanced courses, he received his commission as a nurse assistant.

of C Discuss Membership

Benvenuti presented John Rutherford Jr., Department Sergeant at Arms, a white cap, significant of the various offices, from local to state level, he has held.

Past District officer Russell Elliott, who secured over 100 members in the membership drive, announced an all time high in membership, with Harold Saucier, First Vice Commander, in charge.

Rutherford presented a card to Budd H. Lester, who was the 500th member to join the group. Rutherford said this is the first time in the history of the local post that their goal of 500 members has been reached.

D. W. North received an outstanding citizen award.

Mrs. Julius Baum, Auxiliary president, presented Commander Benvenuti a gift for the Legion.

Following the banquet, which was prepared by Mesdames John Rutherford Jr., and Henry Capdepot, and served by Auxiliary members, Mrs. Baum and Commander Benvenuti cut the birthday cake which was in the shape of a book trimmed with the blue and gold emblem of the Legion and white roses interspersed with red poppies.

This nice warm weather we are having makes a person feel like coming out, should we say like a debutante, the bear who hibernates, the sprouting of everything green, anyway it just makes you feel grand after such a cold winter.

The Dairy Freeze on Coleman Ave., is being all cleaned and ready for business around April 1st.

Mrs. Betty Rose entertained at a Tupper Ware Party at her home on Monday night.

Mrs. and Mrs. Brewster Mollere and family went to New Orleans Sunday to attend the christening of Paul Henry Hickey, son of Mr. and Mrs. Allan Hickey.

Mrs. Brewster Mollere and Dr. Adrian Hava were sponsors for Paul Henry.

A reception was held immediately following the christening at the home of Mr. and Mrs. Allan Hickey.

Birthday greetings to Amy Lynch who had her 12th birthday on Saturday, March 16th.

The family celebrated Amy's birthday on Sunday with a St. Patrick's Cake and all the trimmings. One more year and pretty Coleman Amy will be in her teens.

Aggie Bourgeois had her lovely long hair cut. However, we must say her new shoulder length hair style is very becoming.

The glasses advertised as lost last week were claimed by Mrs. Blair Johnson, who lives on Market St. Mrs. Johnson was very happy to get them back and she wishes to thank the finder, Mrs. Roland Rossignol.

Mr. and Mrs. John Munch and daughter Linda, went to New Orleans Saturday.

We are happy that Mrs. Mary Moran is at home again. Mr. and Mrs. Erwin Moran brought her home Saturday, and remained with her over the weekend.

Glad that Mrs. Hamilton Gue-

but is up and about again at Mollere's.

Glad to hear Charlie Mollere is back home again. He was released on Friday from Veterans Hospital.

We know that "G" is glad to have Charlie home and well again, and she won't have to make those tiring trips to Biloxi each night.

Sorry to hear about J. A. Laddier having his mishap. He fell off a scaffold and broke some ribs. He was taken to Hancock General Hospital.

Mr. and Mrs. C. H. Carman, from Illinois, bought a home on Necaise St. Mr. Carman has opened an Upholstery Shop on Coleman Ave. He is located where the Waveland Beauty Shop used to be. The Shop that used to lift your face, now lifts your old furniture.

A do-it-yourself retirement plan that really works.

Just a few pennies a day invested now in U.S. Savings Bonds can help you build security for the future.

Here's a retirement plan you can set up yourself, administer, yourself with no fees or expenses, and go into with absolute confidence.

Start with Series E Bonds

You begin by buying E Bonds when you bank, or automatically on the Payroll Savings Plan when you work. When you hold them for 17 years, 9 months, you get almost double your money back—\$1.33 for every \$1 invested.

When you retire, you can exchange your E Bonds for H Bonds. H Bonds pay interest to you semi-annually in cash—3.75% when held to maturity. There's no charge for trading. And the interest you accumulated before the trade is not taxable until you cash in your H Bonds.

A riskless plan

A U.S. Savings Bonds retirement plan is completely without risk. Your money keeps on growing, guaranteed by the Government. You can get it anytime you want—with interest. And if your Bonds are ever lost or destroyed, the Treasury replaces them free.

Why not look into this plan today?

CHEMICAL ENGINEERS—The 270 tubes in this sub-critical nuclear reactor in the Ole Miss Department of Chemical Engineering contain 5,400 pounds of uranium valued at \$100,000. The reactor is used by seniors and graduate students in the Chemical Engineering Department for instructional and research purposes. The reactor is controlled so that harmful radiation and danger of detonation are eliminated. From left James Mulligan, graduate student from St. Petersburg, Fla., George Abraham, undergraduate from Vicksburg, and Dr. Frank Anderson, department chairman. A scientist who recently visited Ole Miss said that the amount of equipment in the Ole Miss Department of Chemical Engineering was "amazing."

FORMER RESIDENT DIED THURSDAY IN NEW MEXICO

Leroy Bontemps, 56, a native of Bay St. Louis and a resident of Albuquerque, N. M., for the past 15 years, died unexpectedly, Thursday, March 14, in Albuquerque.

Mrs. Bontemps died 10 months ago.

He was the son of Mrs. J. V. Bontemps of Bay St. Louis and the late Mr. Bontemps, sheriff of Hancock County from 1924-28.

Survivors in addition to his mother are three brothers, Wallace and Irvin Bontemps of Bay St. Louis and Joseph V. Bontemps, Jr., of Biloxi.

Funeral services were held Tuesday morning from the Catholic Church, with Military graveside rites. Interment was in Palm Carmichael Cemetery.

Mr. Bontemps' brothers, and nephew Ken Bontemps of Biloxi left Saturday for Albuquerque to attend funeral services.

Beach, Pass Christian and Bay St. Louis parishes.

Reports were given by chairmen of the various committees, and the Rt. Rev. Msgr. James J. Hannon, dean of the deanery reminded the group that March is the month in which prayers are offered especially for vocations to the religious life.

Mrs. Richard McMurray, president, announced a board meeting of the Diocesan Council of Catholic Women will be held in Jackson March 31.

The next meeting of the West Coast Diocese is scheduled for June 12 in Bay St. Louis.

Attending the meeting from here were Mesdames Alden Maufrey, E. J. Arceneaux, and Bernard Farrelly.

Mesdames W. W. James, Sam Whitfield and W. R. Pitcairn Jr., will go to Jackson this weekend to attend the annual conference of the Women's Society of Christian Service.

FREQUENT VISITOR HERE DIES IN GULFPORT

Funeral services for Anthony Giannetto, 62, who died Wednesday, March 13, were held from Riemann's Funeral Home Saturday, with religious rites at St. John's Catholic Church, Gulfport, at 9:45 a. m. Interment was in Evergreen Cemetery.

Mr. Giannetto visited frequently in Bay St. Louis at the home of his sister-in-law Mrs. Anthony Benigno, and Mr. Benigno.

A veteran civil service employee, Obed E. Batson, Jr., has been hired as facilities engineer in the MTO Plant Support Operations.

Batson came to the Mississippi facility from the U. S. Air Force Proving Ground, Eglin Air Force Base, Florida.

He studied civil engineering at Mississippi State University and has been a registered professional engineer in Mississippi since 1940.

Batson attended Wiggins High School and Perkinson Junior College. During World War II he was with the Army Air Transport Command in China, Burma and India.

Chester P. Lawless, Tuscaloosa, Ala., is a new MTO administrative assistant charged with property accounting, transportation and custodial services.

Lawless has been with MSFC for more than two years and worked in the Facility Engineering Office as office services supervisor. He has worked in government positions for 12 years.

Mack Herring, a former employee of the Marshall public information office, has been appointed Mississippi Test Operations public information officer.

He worked for 18 months in the News Branch of the MSFC Public Information Office. An ex-news-paper reporter, Herring was public information officer at the U. S. Army Aviation Center at Fort Rucker, Ala., before coming to work for NASA.

A native of Geneva, Ala., Herring was a reporter for the Dothan, Ala., Eagle for four years. He is also a former news editor of the Geneva County Reaper, Geneva, Ala. Herring studied journalism at the University of Alabama.

Mabry and Herring are working physically at the Mississippi site. The other men expect to move there in the next few weeks.

NEW ORLEANS, La. - A \$425,000 contract for the design and construction supervision of an engineering and office building at the Marshall Space Flight Center's Michoud Operations has been awarded to August Perez and Associates of New Orleans by the National Aeronautics and Space Administration.

The two-story building is expected to be completed in the latter half of 1964.

Perez was selected by NASA for negotiation of the design contract in January.

The new Michoud building will be occupied by engineering and administrative personnel of the Boeing Co., Chrysler Corp., and Mason-Rust, prime contractors at the Saturn booster manufacturing installation.

Office employees who cannot be accommodated in the Operations' Administrative and Engineering Buildings will use the new structure. Some 1600 Boeing and Chrysler employees are now temporarily housed in leased office space in downtown New Orleans.

The building, to provide approximately 500,000 gross square feet of floor space, will be west of the Michoud plant, facing the Old Gen. Highway, within the present 845-acre complex. An adjoining parking lot and cafeteria will also be built.

NASA News..

HUNTSVILLE, ALA. - Five men have been added to the Mississippi Test Operations staff of the Marshall Space Flight Center, William Fortune, MTO manager, has announced.

Construction will soon be starting at the Gainesville, Miss., site where large space vehicle stages, assembled at Marshall's Michoud Operations in New Orleans, and at North American Aviation's plant in Seal Beach, Calif., will be tested.

Wilmer C. Mabry, Gulfport, Miss., has been selected to assist local communities with their development programs.

A native of Newton County, Miss., Mabry worked for 10 years for the Mississippi Power Co., before taking the job as MTO community development officer.

Mabry holds a degree from Millsaps College, Jackson, Miss. He is a former school teacher and former editor and publisher of the Newton (Miss.) Record. He served in the Navy from 1942 to 1946 and for the next six years worked as a public relations officer for the Veterans Administration in Jackson, Miss.

The test facility's new administration officer is William E. Winterstein. A retired Army lieutenant colonel, Winterstein came to NASA from the Ballistic Missile Construction Office for the Corps of Engineers. He worked on missile facility construction with headquarters in Los Angeles.

During World War II, Winterstein was with Army Ordnance Technical Intelligence. From 1945 until 1947 he was in the Rocket Research and Development Sub-office at Ft. Bliss, Texas.

After retiring from the Army in 1957, Winterstein worked for three years with the Vinnell Corporation as a technical advisor to the Vietnam Army in Saigon.

HOME AGENT'S NOTES

MARCIA F. HUGHES
Home Demonstration Agent

Just what is your role as a home-maker in Civil Defense? Many of you who live in rural areas are asking this question.

One of your major roles, Mrs. Homemaker, is to see that your family is informed and as safe as possible in case of a nuclear attack or other disaster.

Few families in rural areas or small towns are likely to be hit by bombs from a nuclear attack, but all could be hit by radioactive fallout.

The best preparation for any emergency is advance planning. This helps prevent fear and panic. Here are some things you as homemakers can do to prepare your family for a disaster:

1. Start home preparedness now!
2. Have a family meeting to think and plan, and to make a calendar of what, when and where jobs need doing.
3. Be sure your plan fits your local Civil Defense pattern. Your local Civil Defense director, (fill in name and office location, can help you with your plan.
4. Decide what shelter you will have against fallout. Know whether you will have shelter of your own, share one with a neighbor or go to a community shelter.

Make plans for any necessary

foods on your own supply list. Make a checklist of your supply the shelter ahead of time and another list of things to do in case of fallout.

POTATOES ARE CALORIES
Potatoes themselves don't have many calories, but few you eat them that potatoes whether they are a high or low calorie food.

For example, a serving of 1/2 cup of diced, plain home potatoes has only 45 calories. But this same half-cup of potatoes mixed with butter or margarine and milk added has 115 calories. French fries, they have 155 calories; hash-browns, 235; and fresh fried, 240 calories.

OVEN HINTS
Avoid opening the door when you have something cooking in the oven. It just adds to cooking time - 2 minutes for each peak.

Follow instructions; use correct temperature for food you are cooking. Prevent cook-overs. Prevention is much easier than cleaning up. If a spill-over does happen, don't let it bake on; clean it immediately.

Peanut Crunch Ice Cream Topping. Combine 1/2 cup peanut butter with 1 cup marshmallow fluff and 1/2 cup milk. Stir in 1/2 cup chopped peanuts. Serve over vanilla ice cream.

LEADERS TRAINING MEETING FRIDAY

Mrs. Marcia Hughes, Home Demonstration Agent, will hold a leaders training meeting at 10 a. m. Friday, March 22, in her office to train leaders for county attainment day to be held Friday, March 29.

2 simple ways
to air condition your
house with
GAS

1 2

If you're planning to build or install central heating, investigate the single GAS unit that heats in winter, cools in summer. You can install it inside or outside the house—water cooled or air cooled—and get the exact size you need. There's nothing to equal it for economy, efficiency and long, trouble-free operation.

If you have a central heating system, it's easy to add-on gas air conditioning. A compact cooling coil can be installed on the furnace or in the main duct... with a foot-proof gas air conditioner located outside the house. Now's the time to plan for thermostatically-controlled fresh air the year-round. Ask for FREE survey and estimate—today!

DEAD END

NO PLACE TO GO

All dressed up, the expression goes, and no place to go. These boys are hardly "dressed up." But the rest of the description fits them perfectly.

They are two of the millions of American children who are growing up WITHOUT A CHURCH. Boys with the God-given right to grow up in faith ... with the American right to worship God freely according to the dictates of their own conscience. But someone hasn't understood their rights.

Parents who make no provision for their children's religious education are, in effect, robbing these children of the most precious heritage of every American. Grownups who, by the tell-tale example of indifference, encourage boys and girls to emulate the Godlessness that the Iron Curtain seeks to foster are undermining the spiritual substance of our nation.

No more serious problem faces America today than the children who on Sunday morning in a land of churches have no place to go.

Honestly, now, are you creating the problem—or helping to conquer it?

Social Security

SOCIAL SECURITY protects you during, as well as after, your working years.

Tim Jones had just completed rough draft of his income tax return on his self-employment income from the operation of his rocery store.

"Wow! What a tax," Tim exclaimed to himself. "Got to find some way to cut down. Now where in I save a few dollars?"

And then the voices of children came from outside. "I'll hush the tar out of those kids," thought Tim as he headed for the door. But then he stopped and thought aloud, "Could this be an expense on my tax return. At those expense - my children's?"

And Tim sat down to figure. His return showed a net profit of \$600 for the past year. Four exemptions plus the standard 10% allowed for deductions would cut a \$4800 down to about \$2000 at 90% tax which would mean about \$1800 income tax due. The Social Security tax on \$4800 would be at 4.7% or \$216.20 for a total tax of \$216.20.

Now supposing he juggles a few figures - like increasing on depreciation - and supposing he dated back a check to December 31 for that bill for \$600. "Hm. Let's see. That would cut my net down to \$3300. That would mean about \$162 in income tax plus \$155.10 social security tax or a total of around \$337.10. Quite a saving! Now where's that pamphlet I got on social security payments."

"Let's see. Average earnings of \$4800 reported to my social security account would pay me about \$123 at 65 or if I become disabled, \$254 a month for the wife and children if I should die. But average earnings of only \$3300 would pay me about \$100 in monthly retirement benefits. Now let's look at that table for survivors. Hm. \$4800 would give my wife and the two kids the maximum of \$254 a month. \$3300 would pay them \$235 a month."

"Tim Jones, meet an honest tax payer. \$246.10 is a cheap price to pay for all the added social security protection for me and mine."

FORESTRY NOTES

State Forester Jack Holman, in a statement released today, urged all Mississippians to assist employees of the Mississippi Forestry Commission, U. S. Forest Service, forest industries, landowners and other organizations and individuals responsible for forest fire control in the prevention of forest fires.

"A fire prevented, is no fire at all," Holman said.

"Forest fires probably cause, either directly or indirectly, more needless destruction and waste of our natural resources of timber, soil, water and wild game than any other destructive agency," he continued.

Holman went on to explain that Mississippi annually leads the nation, or is near the top, in the number of man-caused fires and that most of these fires result from carelessness and arson.

"All segments of our economy suffer," he said, "when our natural resources are wasted in this manner, regardless of who owns the land."

Holman cited the Alcorn County Forestry Association as an example of a local organization which is working toward the goal of reducing the number of fires in its area. According to Commission Forester Al Spille of Alcorn County, the Association is made up of private individuals, representatives from public agencies, forest industries and other interested persons to promote the development and wise use of the county's forest resources.

Three years ago the Association posted a \$500 reward for information leading to the arrest and conviction of persons criminally setting fire to woodlands belonging to another. In January of this year the first conviction for woods burning in the history of Alcorn County was obtained.

"Until the people of Mississippi accept the fact that will forest fires hurt the overall economy of the state and that the deliberate setting of such fires is a criminal offense; and, until the people accept their responsibilities in the matter of forest fire prevention, we will continue to have far too many fires," Holman said.

"What the Alcorn County Forestry Association has done is just one example of what responsible local people can do in this field," he concluded.

Kantcha Ketchum

Looks like the good old summer time is here again, with the temperature up in the high brackets and our first visit by gnats and mosquitoes over the weekend, which all adds up to good fishing. When there are gnats and mosquitoes the fish seem to bite better. If that's the case one fisherman said I love the little darlings, Liars!

Some fairly good catches of green trout and perch were made over the weekend. They were hitting most everywhere, taking surface baits and as usual being caught on worms and dead bait. The water up Jordan River is beautiful just now and the fish are really biting. Pearl River is still on the muddy side, but the head of the bayous are clear and perch especially are striking at their best.

Morris Daniels and Tony Enterants of New Orleans made a nice catch of perch and green trout Sunday in the bayous on La. side of Pearl River. Tony was proud of the 2 1/2 pound trout he landed. The boys are beginners at fly fishing but got their share.

August Rauxet and yours truly had a peculiar catch of fish Monday when they caught about 20 fish. Included in the catch was a 3 pound fresh water cat fish, a 3 1/2 pound rat red, one small speckle, and green trout. Believe it or not they were all caught by trolling with underwater baits.

Raoul Telhiarg has also been getting his share of fresh water fish. Ronnie Rauxet youngest member of the Rauxet fishing clan caught his first fish last week under the guidance of his dad.

David Carter and Steve Church were telling how good they were hitting up Jordan River. They were fly fishing.

According to Nolan Ladner, local game warden on his checking of fishermen he has good news. As he put it they are making good catches here and there. Better be sure to have that fishing license on hand if Nolan runs across you. They cost so little and save money and embarrassment. Respect your game warden, he has a job to do, also.

This kind of weather with that bright big moon does a lot to folks. To those who like to flounder however that full moon is not worth a hoot. Floundering is at its best on a dark moon. Flounders move around on bright nights and stay put when the nights are dark, and on an incoming tide. Soft crabs are just the opposite. Saw a few beds last week.

Alex Alexander of New Orleans is anxiously awaiting his vacation. He says he will spend most of his time at the Bay fishing, crabbing, etc.

Racing fans of the Bay are enjoying their outings at Jefferson Downs track in New Orleans. The card furnishes an evening of pleasure and if lucky a feeling of good cheer.

The Haggertys in New Orleans, Dan and June with their 11 pelicans are anxiously awaiting the closing of school and their trip

SUBSTITUTED TRUSTEE'S NOTICE OF SALE

STATE OF MISSISSIPPI
COUNTY OF HANCOCK
WHEREAS, on May 14, 1962, Judson Benton and wife, Earnestine Benton, executed a deed of trust to Roland M. Adcox, trustee for U-Finish Homes, Inc., which deed of trust is recorded in Book 91, pages 84-85, Records of Mortgages and Deeds of Trust on Land of Hancock County, Mississippi; and

WHEREAS, U-Finish Homes, Inc., substituted in the place and stead of the aforementioned trustee, Michael D. Haas, by instrument dated January 4, 1963, and recorded in Book 94, at page 552, of the aforesaid records; and

WHEREAS, default having been made in the payment of the indebtedness secured by said deed of trust and U-Finish Homes, Inc., the holder of the note and deed of trust, having requested the undersigned Substituted Trustee so to do, I will on the 25th day of March 1963, offer for sale and sell at public outcry to the highest bidder for cash during legal hours at the main front door of the Hancock County Courthouse at Bay St. Louis, Mississippi, the land situated in Hancock County, Mississippi, and described in said deed of trust as follows, to-wit:

Beginning at the NE corner of the SW 1/4 of NW 1/4 of NE 1/4 of Section 3, Township 7 South, Range 15 West; thence South 209 feet;

to the Bay. Fishing, crabbing etc., will be in full bloom. Hey Kids!

When offering a buddy a drink put the bottle on the table and let him help himself. It makes him feel at home.

Be sure though who your buddy is and what his consumption consists of.

Among our soft crabs Henry Land has fixed up his light and raring to go.

Henry usually gets his share.

Saw a couple of floundering lights out the other night. Will reports be better on soft crabs and floundering next week? Will be out in the water myself trying to get some and first hand information. The time is here. With the change of the moon the tide should also change and start falling in the afternoon and nights which is ideal for fishing and soft crabs.

The Charlie Cantrells with their beautiful home on Rotten Bayou have made some additions to their patio adjoining the swimming pool. They are looking forward to entertaining their friends. Better get busy Charlie and catch some fish for that fish fry. All you need now is that trusty old fly rod.

Better hurry up with that new boat Leo. It will soon be time to use it. It won't be long now before the old specks and reds will be biting. Hold that skipper's job for me.

Sorry to hear of the death last week of Clay Baxter. Clay was a friend of everyone and was a real sport. Sympathy to the family.

Mr. and Mrs. Joe Kern were after green trout last week, fly fishing. They caught some. Mrs. Kern kept right up with Joe.

ENTERTAINS FOR BRIDE-ELECT

Miss Azalie Favre entertained at her State Street home with a surprise miscellaneous bridal shower Sunday afternoon for bride-elect Jo Ann Benigno.

A color scheme of pink and white was used in the decorations and refreshments.

The honoree, who received her gifts from a wishing well, was presented a corsage of pale pink carnations.

Miss Benigno and S/Sgt. Paul Graitge will be married April 20 in Our Lady of the Gulf Catholic Church.

Now showing at the SAND Theatre, Gulfport.

Glenn Ford and Dina Merrill are happy participants at a New Year's Eve party in Metro-Goldwyn-Mayer's "The Courtship of Eddie's Father." Shirley Jones also stars in the new comedy-drama, with other leading roles played by Stella Stevens, Roberta Sherwood, Ronny Howard and Jerry Van Dyke. In Panavision and color.
